

Well, what a confused summer we have had but it did kick in at last, better late than never! The good old smell of autumn is here with the warm sun shine which will hopefully stay for a few more weeks. Time trials are now over but there is no need to worry. There is still plenty going on....

## My Kind Of Time Trial

Thanks to all those riders that turned up the evening meal at the Cock public house in Lavenham, I would have spoken to more people but I had a date with a seriously good steak that required more time than I first expected.

## AGM

We look forward to seeing you all at The Club AGM on Thursday 18 October. It is being held at The Stevenson Center, Broom Street, Gt Cornard at 19:30 and refreshments will be served. If you haven't been there before, try putting CO10 OJT into whatever system you use!

This is your annual chance to elect your committee, hear reports on the clubs activities, finances, etc for the last year/ To make plans for next year, and to consider proposals on a variety of matters including membership fees, clothing, time trialling fees etc. Any proposals for consideration must be received by Geof Morse (secretary) at least two weeks before the meeting.

The agenda, including proposals for consideration, will be sent out more than a week before the meeting.

All offices are up for election with the following needing a new candidate:- Chairman, Press Secretary, Clothing Secretary (needs to be able to take clothing stocks to the evening time trials and keeps good records)

All other incumbent officers are, to the best of my knowledge, available for re-election, but alternative candidates are welcome, and fresh blood (none spilt yet!) as committee members are especially welcome.

There will be a 33% off SALE of existing CLOTHING stocks after the meeting.

## Club Nights

After the success of last March's talk by Nick Salway we have arranged two more evenings before Christmas:-  
 Thursday 22 Nov, "How to make the most of your limited training time" with Bob Haywood, the well respected coaching coordinator of Cycling Time Trials in East Anglia.

Thursday 13 Dec, Quiz Night. A social evening with a mix of cycling and general knowledge rounds to keep the little grey cells fit and active.

Peter Whiteley, Chairman

If anyone has any ideas on evenings they would like to attend or arrange then please call either Lucy Jay 01787 312976 or Peter Whiteley 01787 375269

## Upcoming Rides:

Sun 4th Nov - CCS Open Hill Climb - Semer 11am \*\* Please remember that all entries must be sent to Geoff Morse 2 weeks before the event\*\* You can call Geoff on 01787 375269, White House, Heathway, Great Waldingfield, Suffolk, CO10 0TU

Sun 11th Nov - Inter Club Hill Climb - CCS, Hav & WSW 11:05am Primrose Hill, Molton.

Please note that this has been changed from the 21st October as some thought. The climb will not start until after the minutes silence at 11.

## A Bit at the Back

"You doing the Speed Judging event at Hawkedon on Sunday?" came the polite enquiry on the phone from Brian Mann. "Ermmm, well, ahh, dunno Bry" I spluttered back, pretending I knew all about it, but had forgotten it was this weekend. "Aw, go on, I'm trying to get a decent crowd of us to take part so we can win it again", he pleaded. I promised to try to re-arrange my weekend to fit it in. Now, speed and judgement are not my strongest attributes, but as he had asked nicely, I arrived at the Market Hill with about a dozen other souls. After the short run over to Hawkedon, (I'd no idea where it was either!) we were met by the sight of Brian's Chuck-Wagon, from

which Jenny was dishing out welcome teas, coffees and biscuits. Good start, thinks I.

The event was supposed to be a three-way competition between CCS, hosts Haverhill Wheelers and West Suffolk Wheelers. Haverhill amassed three riders, while WSW amassed three less as they were all washing their hair or something and couldn't come out to play. The rules were fairly simple, just ride round a 3 mile circuit and then do the same in the reverse direction and try to do the same time for each leg. Ok, sounds all right to me.

Off I go, straight into a hill that I nearly needed to get off and walk up! Then another hill, then another, passing the nice lady marshal as I got out of the saddle for an even longer hill. Down a bit, then up a bit more before coming back to the start and reversing the ride. How so many hills can be crammed into 3 miles, I'll never know as I started to pass later starters coming the other way, including Colin Dales who tried to play 'chicken' with me as we approached each other. A

bit unsporting, I thought. As I tried the impossible of riding up and down the hills at the same pace as the first leg, I was overtaken by Terry then by young George as I tried to work out if they knew something I didn't. I avoided putting on a final spurt at the finish as no one was watching anyway.

Timekeepers Brian Webber and Haverhill's Nigel Grainge took far too long to work out the results and made me think something was afoot! And afoot it certainly was. Somehow, to my eternal embarrassment, I had managed a time difference of only 4 seconds for each leg for first place. While tied in second place, came three CCS riders, a whopping one second each behind me, followed by Haverhill's Ben Mickleburgh a further sec and behind poor Terry, who must have thought he'd won it with only an 8 sec deficit. Andrew and George kept it in the family by coming in within 1.5 seconds of each other.

Apologies to Barbara, Mark, Dave for nicking the yellow jersey. I hung about for as long as I thought it polite for the prize money/trophy/medal ceremony, until it was obvious I wasn't going to get anything and sauntered back to Sudbury trying to work out how the hell I had managed to actually win something at last.

## Other Results

### Stowmarket & D.C.C 20 Mile Open Time Trial – Saturday 22<sup>nd</sup> Sept.

Club rider James Rush and 2<sup>nd</sup> claim rider Barry Lee both took the start at Debenham for a late season T.T in ideal conditions, with 27 riders down to start. James was riding his first T.T. on 'foreign soil' and put up a respectable 52.07 for 11<sup>th</sup> spot, which was 'only' just over 8 minutes outside the time of Thursday night regular Lee Bark's winning time of 43.52. James and quite a few others encountered two old-fashioned road steam engines on their way round and had to carryout some suicidal overtaking manoeuvres to get by. Barry was disappointed with his time of 58.35 which he reckoned was over 2 minutes more than his best.

Terry Law had a busy TT day recently on Saturday 29<sup>th</sup> Sept.

He rode the 10 mile E2 Newmarket course in the morning and returned a 26.46 for his fastest time for the past couple of years. He then crossed over to the other side of the county for the 10 mile B10/44 Bungay course in the afternoon and returned a 28.59, despite the return leg appearing to be all up hill. (His words, not mine!)

## That's all folks!!

Sorry but another month has drawn to an end, but remember if your feeling brave then show a face on a Sunday morning and join in on the ever popular Club Runs; bacon sandwiches are rewarded to the better riders.
